The foundation

CAB Fondation in Saint-Paul de Vence is a private contemporary art center, younger than CAB Bruxelles and was inaugurated in June 2021. As in Brussels, it is dedicated to promoting minimal and conceptual art, both from Belgium and internationally, through a dynamic program of exhibitions and events.

Historical design from the 1950s to the 1970s is also part of the Collection, with pieces of furniture and lighting that fit perfectly between the different spaces : the café-restaurant, the gest rooms, the dismountable 6x6 house by architect Jean Prouvé, the exhibition spaces.

The space

CAB Fondation, settled into a 1950's building, has been entirely renovated by the French architect and designer Charles Zana.

The foundation is well located, between the Aimé and Marguerite Maeght Fondation and the historic old town, 20 minutes from the international Nice airport, and 40 minutes from Monaco. CAB Fondation is a major place in the region, a prestigious player in the modern and contemporary art circuit, highly praised by collectors and art lovers, mentioned among Fondation Venet, Domaine du Muy, Commanderie de Peyrassol, Château La Coste and Villa Noailles.
